IMPORTANT INFORMATION

VISITING AND ERASMUS STUDENTS MUST NOT REGISTER FOR MODULES OTHER THAN THOSE INCLUDED IN THIS BOOKLET.

STUDENTS SHOULD NOT ATTEMPT TO MAKE SPECIAL ARRANGEMENTS WITH ACADEMIC STAFF TO ENROL ON COURSES NOT LISTED IN THIS BOOKLET. ONLY COURSES LISTED IN THIS BOOKLET ARE ON THE CURRICULUM FOR VISITING AND ERASMUS STUDENTS.

IT WILL NOT BE POSSIBLE FOR THE UNIVERSITY TO AWARD CREDIT FOR MODULES OTHER THAN THOSE LISTED IN THIS BOOKLET.

CLASSES IN ENGINEERING AND SCIENCE REQUIRE PRE-APPROVAL BY SCHOOL/ COLLEGE STAFF PRIOR TO THE COMMENCEMENT OF TERM. THESE CLASSES HAVE PREREQUISITES AND REQUIRE STUDENTS TO HAVE AN ACADEMIC BACKGROUND IN THESE SUBJECTS.

General Information & Support

1. Semester Dates

Event	Date
Orientation	Thursday 05 January 2017
Academic Orientation	Friday 06 January 2017
Teaching begins	Monday 09 January 2017
Teaching ends	Saturday 01 April 2017
Study Week	Mon 03 April– Sat 08 April 2017
Field Trips	Mon 10 April – Sat 15 April 2017
Easter Holiday	Mon 17 April – Sat 22 April 2017
Semester 2 Exams begin	Monday 24 April 2017
Semester 2 Exams end	Wednesday 10 May 2017

*Please take careful note of the date examinations end. Students are required to be present to sit scheduled examinations. Students are strongly advised therefore not to make travel arrangements during the examination period.

The International Affairs Office cannot make alternative examination arrangements for students who miss scheduled examinations due to travel commitments. Students are advised not to travel during the examination period.

2. Orientation Programme

Date: 5th January 2017
Time: 9.30 am -1.30 pm
Venue: Bailey Allen Hall, Áras na MacLéinn

Information Session for Erasmus Students

Date: 5th January 2017
Time: 2.30 pm – 3.30 pm
Venue: Bailey Allen Hall, Áras na MacLéinn

3. Academic Advisory Sessions

Date: 6th January 2017
Time: 9.00 am – 3.00 pm
Venue: Bailey Allen Hall, Áras na Mac Léinn

Academic advisory sessions are offered in the following Disciplines due to the high demand for courses from Visiting and Erasmus students in these areas:

Time	Details	Venue
8.30 - 9.30 am	Distribution of Registration packs & identity cards to Visiting students	Bailey Allen Hall
9.30 - 10.00 am	Introduction to Course Selection procedures & Exam Information	Bailey Allen Hall
10.00 - 10.30 am	Indigenous Arts & Service Learning	Bailey Allen Hall
10.30 -10.50 am	School of Political Science & Sociology	Bailey Allen Hall
10.50 - 11.10 am	School of Humanities - English	Bailey Allen Hall
11.10 - 11.30 am	School of Humanities - History	Bailey Allen Hall
11.30 - 11:50 pm	School of Humanities - Philosophy	Bailey Allen Hall
11.50 - 12:10 pm	School of Psychology	Bailey Allen Hall
12.10 – 1.10 pm	School of Languages, Literature & Culture (Italian, Spanish, German, French, Classics, Gaeilge)	Bailey Allen Hall
1.10 – 1.30 pm	School of Geography & Archaeology	Bailey Allen Hall
1.30 – 2.00 pm	School of Law	Bailey Allen Hall
2:00 – 2.30 pm	School of Business	Bailey Allen Hall
2:30 – 3:00 pm	College of Science	Bailey Allen Hall
3:00 – 3:30 pm	College of Engineering & Informatics	Bailey Allen Hall

Introductory lectures for all modules will be provided during the first week of the semester

4. Registration Packs

Registration packs and identity cards will be distributed to Visiting students at the Academic Orientation on Friday 6th January 2017 from 8.30 – 9.30 am. Registration packs contain a statement confirming registration details (student identity number, email address etc) and a student identity card. Erasmus students will receive their registration packs at the Information Session for Erasmus students at 2.30 pm on Thursday 5th January.

5. Academic Information

This Academic Information Booklet provides a comprehensive list of modules which are available to Visiting and Erasmus students. Students may select modules from a wide number of Disciplines in different years.

No change to the official lecture schedule or examination timetable can be made. Should two of the modules in which you are interested clash on the lecture schedule, you must choose between the two.

Understanding Module Codes

As a general rule, the structure of a module's code is made up of a sequence of letters and numbers. The module code starts with two letters which denote the Discipline teaching the module (e.g. HI – History, AN – Anatomy, LW - Law). The remainder of the module code is made up of three or four numbers. The first number in the sequence normally indicates the year the module is delivered to e.g. HI165/CT1102 are modules offered to first year domestic students. HI208 is a module offered to second year domestic students, HI362 is a module offered to third year domestic students etc. Module codes starting with the numbers 4 or 5 are normally offered to 3rd and/or 4th year students. The higher the number, the more advanced the module is. Visiting and Erasmus students are offered modules from 1st, 2nd, 3rd and 4th year.

Full Year Modules

Students wishing to enrol on a full year module must be registered at NUI Galway for a full academic year. Students who are only registering for one semester **may not** enrol on full year modules

IF A MODULE IS NOT LISTED IN THIS BOOKLET, DO NOT ATTEMPT TO REGISTER FOR IT!

6. Academic Load

Modules are credited in ECTS (European Credit Transfer System). The ECTS protocol allocates 60 credits to a full academic year's work, and 30 credits to a semester's work. Visiting/Erasmus students may, at their discretion, take fewer or more credits but should carefully consider the implications, from the point of view of transferring credit, of taking less than the full-time quota. You should discuss your course load with your home institution. Access further information about the ECTS system at http://ec.europa.eu/education/tools/ects_en.htm

7. Lecture Timetables

Lecture timetables are available from Disciplines. Call to the Discipline's office in person, visit the Discipline's website or email the Discipline to request a timetable. The addresses of Discipline offices, their websites and a contact email address are listed in this booklet together with the list of modules on offer for that Discipline. Visit the Discipline websites via <http://www.nuigalway.ie/colleges-and-schools>

8. Module Selection & Registration

Students are permitted to attend classes prior to registering their module selection in order to make an informed decision regarding the modules they wish to follow for the semester.

Module Registration for Visiting Students opens on Monday 9th January 2017 and must be completed by Monday 30th January 2017.

Changes to registration will not be accommodated after this date.

To register your modules:

1. Logon using this link, <http://www.nuigalway.ie/registration>
2. Enter your User Name (ID number) and password (see opposite)
3. Update your personal details e.g. term address, mobile number **only** under the 'Profile' tab, update any personal details and hit 'Continue'
4. Click 'Build Curriculum' to select your subjects/modules (where relevant) and follow the prompts provided.

Note: Students Registering for Science and Engineering modules must complete the Science and Engineering Registration Form provided in your Registration Pack and submit it to the International Office before 30th January 2017. Admission of Visiting Students to individual Science and Engineering modules is subject to the agreement of the Head of Discipline and will depend upon the applicant's academic background in the relevant subject areas and the availability of places within the module.

5. A full course load is 30 ECTS per semester. **Please check with your home institution to confirm how many credits you are required to register for.**

9. Registration Statements

Once you register your modules on My Campus and click 'Finish' your modules are registered. You should then print a copy of your registration statement for your own records.

10. Examinations

The University will only certify examination results when the results have been obtained at the formal assessments. Consequently, **you should not attempt to make arrangements with individual members of staff regarding the substitution of essays or other coursework for formal examinations.** Such arrangements, if made, will not be officially recognised and a result for the module in question will not appear on your transcript.

Please consider the notes on Examination Timetables below. Disciplines will advise of arrangements for modules being examined by essay.

Continuous assessment elements and/or essays may form part of the assessment process in any module.

WARNING: Do not plan to travel home before the last date of the Examination Session.

Past examination papers

To assist with preparation for examinations, students can obtain copies of previous examination papers on the Library website at www.nuigalway.ie/exams.

11. Examinations Timetables

The examination timetable for all Colleges will be published on the web at <http://www.nuigalway.ie/exams>. Timetables are normally released mid semester.

Examinations will be completed by 10 May 2017. You should book your homeward travel to ensure you can complete all of your examinations. Students are advised not to travel during the examination period or to book homeward travel until the exam period has finished.

Please note that modules assessed by essay will be assessed and completed before the formal examinations commence.

Modules may be timetabled at the same time for examination even where the lecture timetable does not clash. It is important that when the examination timetable issues, that you check if you have a clash. If your examinations clash, you should visit the Student Information Desk, ground floor in Áras Uí Chathail to report the issue.

Students should also check their personal examination schedule to ensure that all their examinations are listed. In the unlikely event of an examination not showing, this should be reported in person to the Student Information Desk, Ground Floor, Áras Uí Chathail.

Only modules which are examined by formal examination papers are listed on the examination timetable. Arrangements for modules examined by means of essays etc. will be notified by the Discipline providing the module. Such arrangements must be strictly complied with.

12. Procedures & Regulations for Examinations

Students are required to adhere to NUI Galway's examination procedures and regulations. All students intending to sit NUI Galway examinations are required inform themselves of the regulations governing examinations. You can read NUI Galway's examination procedures document here <http://www.nuigalway.ie/exams/procedures.html>

13. Examination Standards

Please note the following NUI Galway standards: Module taken must be passed at 40%.

% Mark	Honours Level
40% or above	Third Class Honours
50% or above	Second Class Honours, Grade 2
60% or above	Second Class Honours, Grade 1
70% or above	First Class Honours

14. Code of Conduct

The primary objectives of the University are the dissemination and advancement of knowledge and understanding through teaching, research, study and rational discussion. Any student who enrolls for any course in the University in doing so accepts the objectives of the University and is giving a commitment, as a responsible individual and as a member of the University community, to behave in an appropriate manner.

The Student Code of Conduct offers guidelines as to the norms of behaviour that accord with the obligations of students, but where more specific requirements are in place, they are available on the University's web site. It should be noted that Students of the University cannot claim any privileged position in regard to the general law of the land.

Breaches of this Code and of any University regulations make students liable to the imposition of sanctions. Students can review the full Code of Conduct at <http://www.nuigalway.ie/codeofconduct/>

15. Campus Account (IT Account)

Campus Account (IT Account) provides access, using a single user ID and password, to the: PC Suites, WiFi, Email & Office 365 Apps, Blackboard, Library Systems, Self-Service Registration, MyCampus, Placement, Exam timetable and Exam results.

User ID is your current Registration/Student ID number. This ID is used to access all services except student email (Office 365). Your student email username is your NUI Galway email address. Your student identity number will be provided to you in your registration pack at orientation and also prior to arrival via email.

Get started by activating your Campus Account (IT Account)

(a) Go online to <https://cass.nuigalway.ie/> Note: Your temporary activation password allows access to PC Suites and WiFi on-campus.

(b) Login using the following credentials:

User ID is your current Registration/Student ID number

Password is your temporary Activation Password galwayDDMM (the word galway followed by the date and month from your Date of Birth e.g. If your date of birth is the 9th of November your temporary activation password is galway0911).

(c) Complete the activation questions.

(d) Choose your new Campus Account Password. Note: Password must be at least 8 characters in length. Your Campus Account is now active.

If you have any difficulties activating your campus account, please email servicedesk@nuigalway.ie. You should provide your name and identity number when reporting the issue.

16. Service Learning Module

Literacy and Learning in the Community is a service learning class for Visiting Students from the United States. This semester long class is worth 5 ECTS credits (approximately 2-3 US credits) and is delivered via a series of academic lectures, reflective seminars and over 20 hours of service at an after school homework club at a local elementary school.

An application form for this module will be provided at the Academic Advisory Sessions.

NB: As part of this course students will be working with young children in a homework club. Therefore US students wishing to enrol on the Service Learning Module, EN150 will require police clearance from the United States. Students should plan to bring police clearance documentation with them to Ireland. Students may also require police clearance if they wish to avail of some volunteering opportunities.

For further information about this module please see

<http://nuiginternational.wordpress.com/2012/06/14/service-learning-for-visiting-students/>

17. Indigenous Arts Module

Exploring the Indigenous Arts is a 5 ECTS class that offers students studying abroad at NUI Galway a practice-based opportunity to learn about indigenous Irish music, song and dance, set in the unique landscape of Connemara. The semester long module seeks to analyse Irish identity and history – and its current position within a global context – and to examine the impact that Irish culture has had on the development of music, song and dance globally. For further information about this module please see

<https://nuiginternational.wordpress.com/2012/06/14/service-learning-for-visiting-students/>

An application form for this module will be provided at the Academic Advisory Sessions.

18. Exploring Irish Theatre Module

This module (DT3115) is open to all visiting students. The module allows students to explore Irish theatre and performance, through both classroom-based and practical activities. Students form an understanding of the distinctive characteristics of Irish theatre, analysing works by writers from W.B. Yeats to Martin McDonagh and beyond. They consider critically the history of Irish theatre through hands-on archives-based activities. They develop practical skills by engaging in workshops that cover acting, playwriting, direction and more. No prior experience of Irish theatre is needed; nor is it necessary to have any experience with acting or other forms of theatre practice.

19. Fax Facilities

Students requiring fax facilities to communicate with their home institutions may use the fax service provided by Print That located on the Concourse, Arts/Science Building (beside Smokey Joe's Restaurant).

The website is <http://www.nuigalway.ie/printthat/>

20. Change of Galway Address

Students should notify Orla Naughton, International Affairs Office, of any change of address. Email: orla.naughton@nuigalway.ie. Non EU students must also notify the GNIB of a change of address. Tel: 091 768002 / Fax 091 768003.

College of Arts, Social Sciences, and Celtic Studies

IMPORTANT NOTE

Visiting Students should note that some Examinations may be scheduled during Study Week in Semester 2 and therefore students should not make travel arrangements during or around this week.

EC429	Marine Economics	2	5	Two-hour examination paper
EC3100	Economics and Philosophy	2	5	Two-hour examination paper
EC3102	Macroeconomics and Public Policy	2	5	Two-hour examination paper

- Some modules may not be available due to timetable clashes.
- Continuous assessment (e.g. term papers, assignments, in-class tests, projects, etc.) forms part of your overall grade for most modules, in addition to end of semester examination paper. Please consult individual lecturers for details.
- Students can only choose only **one** of EC213 Macroeconomics or EC268 Intermediate Macroeconomics.
- Students can only choose only **one** of EC259 Economics of Public Policy or EC247 Introduction to Financial Economics
- For further information please contact economics@nuigalway.ie

English

Important Notice

Visiting Students should note that some Examinations may be scheduled during Study week in Semester 2 and therefore students should not make travel arrangements during or around this week.

Location: Tower Block 1, Floor 3, Arts/Science Building

Contact: english@nuigalway.ie / 091 492567

Website: www.nuigalway.ie/english/

See website for course descriptions and timetables.

LECTURE MODULES

Module Code	Module Description	Semester	ECTS	Examination Arrangements
ENG304.E	Contemporary Literature	2	5	Essay
ENG303.E	19th Century American Literature	2	5	Essay
EN385.E	Drama & Theatre Studies	2	5	Essay
EN2134	Media, Culture, Society	2	5	Essay
EN2143	Worlds in Revolt: Romanticisms	2	5	Essay
EN264.E	Studies in Medieval Literature	2	5	Essay
EN3135	Nineteenth-Century Gothic Fiction	2	5	Essay
EN388.E	Studies in Modern Irish Literature	2	5	Essay

Important Notes:

- Visiting Students may take as many Lecture modules as their timetable allows.
- Visiting Students may only take **ONE** Seminar module per Semester
- A Seminar Module in Film/Cinema may be taken only ONCE during the year
- All seminars are of two hours duration per week.
- NOTE: Visiting Students must first consult the Office of the Discipline of English in order to choose a maximum of **one Seminar per Semester** of the Seminars listed below.
- You will be required to select Semester 2 Seminars in January, 2017. Seminar places are limited.
- NOTE: Not all Seminars run every academic year. Students should consult the Office of the Discipline of English in January for a finalised list for semester 2, 2016-17.

SEMINAR MODULES

Visiting Students may only take ONE Seminar module per Semester

SEMINARS AND COLLOQUIA – Special Note

History Colloquia for Second Year and History Seminars for Final Year each consist of a number of 10 ECTS modules for each Semester. A description of each module is available on the History website. Up to three places on each topic have been reserved for Visiting Students. Students may only register for one topic of either History Colloquia or History Seminar. Permission to register for a History Colloquia or a History Seminar and assignment to a particular topic must be arranged through the Discipline of History before registration. Students wishing to register for a Colloquium or Seminar should speak to the seminar co-ordinator before the first meeting of the Seminar/Colloquia, requesting a place on the Colloquium or Seminar. The History Administrative Assistants will let you know if you have a place. Prospective students should note that History Colloquia and History Seminar carry 10 ECTS.

There are no restrictions on enrolling for lecture modules.

Examination Arrangements

Visiting Students are assessed in all History modules by continuous assessment, which is determined by the lecturer and may consist of a combination of essays, assignments and either a final extended essay or an in-house examination.

Code	Module	Semester	ECTS	Examination Arrangements
LECTURE MODULES				
HI170.E	Europe 1918 - 89	2	5	Essay

College of Engineering and Informatics

Location: Engineering Building, North Campus
Website: <http://www.nuigalway.ie/engineering-informatics/>
Timetables: <http://www.nuigalway.ie/engineering-informatics/currentstudents/timetables/>
Descriptions: <http://www.nuigalway.ie/engineering-informatics/currentstudents/>

Students interested in taking Engineering and Informatics modules should contact College personnel for advice and referral to appropriate disciplines/staff.

Admission of Visiting Students/Erasmus students to individual modules is **subject to the agreement of the Head of the Discipline offering the modules** and will depend upon the applicant's academic background in the relevant subject areas.

Disciplines	Head	Phone	Email
Civil Engineering	Dr. B. McCabe	Ext 2021	bryan.mccabe@nuigalway.ie
Electrical & Electronic Engineering	Prof. G. Ó Laighin	Ext 2685	gearoid.olaighin@nuigalway.ie
Energy Systems Engineering	Dr. N. Quinlan	Ext 2726	nathan.quinlan@nuigalway.ie
Mechanical Engineering	Prof. S. Leen	Ext 5955	sean.leen@nuigalway.ie
Biomedical Engineering	Prof. P. McHugh	Ext 3152	peter.mchugh@nuigalway.ie
Information Technology	Dr. J. Duggan	Ext 3336	james.duggan@nuigalway.ie

Note:

- Full year modules are only available to year-long students
- Spring exams take place during April/May
- Modules may be examined by continuous assessment in the form of essays, lab assignments and projects in addition to the formal exam arrangements listed below

Below is a list of the modules available in the College. Students can obtain module descriptions from the individual disciplines.

Discipline	Module Code	Module Title	ECTS	Taught in Semester	Examined in Semester	Examination Arrangements
Biomedical Engineering	BME200	Introduction to Biomaterials	5	2	2	Continuous Assessment
Biomedical Engineering	BME2100	Materials I	5	2	2	2 hour examination
Biomedical Engineering	BME403	Medical Implant and Device Design	5	2	2	2 hour examination
Biomedical Engineering	BME4101	Biotransport	5	2	Semester 2	2 hour examination
Biomedical Engineering	BME501	Advanced Finite Element Methods	5	2	2	Continuous Assessment
Biomedical Engineering	BME502	Advanced Tissue Engineering	5	2	2	Continuous Assessment
Biomedical Engineering	SU405	Surgical Practices	5	2	Semester 2	Continuous Assessment
Civil Engineering	CE222	Civil Engineering Materials & Design	5	2	Semester 2	Continuous Assessment
Civil Engineering	CE224	Engineering Hydraulics I	5	2	Semester 2	2 hour examination
Civil Engineering	CE226	Principles of Building	10	2	Semester 2	2 hour examination
Civil Engineering	CE3104	Design of Structures II	5	2	Semester 2	Continuous Assessment

Civil Engineering	CE3112	Water Engineering Design & Practice	5	2	Semester 2	Continuous Assessment
Civil Engineering	CE334	Construction Operations	5	2	Semester 2	Continuous Assessment
Civil Engineering	CE344	Transportation Systems and Infrastructure I	5	2	Semester 2	Continuous Assessment
Civil Engineering	CE462	Coastal and Offshore Engineering	5	2	Semester 2	2 hour examination
Civil Engineering	CE466	Energy in Buildings	5	2	Semester 2	2 hour examination
Civil Engineering	CE468	Estimates & Costing	5	2	Semester 2	Continuous Assessment
Civil Engineering	CE472	Structural Analysis	5	2	Semester 2	2 hour examination
Civil Engineering	CE476	The Built Environment	5	2	Semester 2	2 hour examination
Civil Engineering	CE4100	Geotechnical Engineering	10	2	Semester 2	2 hour examination
Mechanical Engineering	IE319	Operations Strategy	5	2	Semester 2	2 hour examination
Mechanical Engineering	IE323	Information Systems Ergonomics	5	2	Semester 2	2 hour examination
Mechanical Engineering	IE345	Logistics and Transportation	5	2	Semester 2	2 hour examination
Mechanical Engineering	ME2102	Safety Systems Design	5	2	Semester 2	2 hour examination
Mechanical Engineering	ME221	Fundamentals of Operations Engineering	5	2	Semester 2	2 hour examination
Mechanical Engineering	ME3105	Case Studies	5	2	Semester 2	Continuous Assessment
Mechanical Engineering	ME425	Project	10	2	Semester 2	Project
Mechanical Engineering	ME402	Advanced Mechanical Analysis And Design	10	2	Semester 2	2 hour examination
Mechanical Engineering	ME426	Turbomachines & Advanced Fluid Dynamics	5	2	Semester 2	2 hour examination
Mechanical Engineering	ME429	Polymer Engineering	5	2	Semester 2	2 hour examination
Mechanical Engineering	ENG505.I	The Exchange Student Research Project	30	2	Semester 2	Project
Electronic Engineering	EE219	Analogue Systems Design I	5	2	Semester 2	2 hour examination
Electrical & Electronic Engineering	EE224	Microprocessor Systems Engineering	5	2	Semester 2	2 hour examination
Electronic Engineering	EE230	Electrical Circuits & Systems	5	2	Semester 2	2 hour examination
Electrical & Electronic Engineering	EE232	Fundamentals of Electromagnetic Theory	5	2	Semester 2	2 hour examination
Electronic Engineering	EE348	Engineering Electromagnetics	5	1	Semester 2	2 hour examination
Electrical & Electronic Engineering	EE4100	Digital Control Systems	5	2	Semester 2	2 hour examination

Electrical & Electronic Engineering	EE444	Communications and Signal Processing Applications	5	2	Semester 2	2 hour examination
Electronic Engineering	EE450	Power Systems	5	2	Semester 2	2 hour examination
Electronic Engineering	EE452	System on Chip Design II	5	2	Semester 2	2 hour examination
Information Technology	CT1102	Programming II	5	2	Semester 2	2 hour examination
Information Technology	CT1113	Next-Generation Technologies I	10	2	Semester 2	2 hour examination

Information Technology	CT2109	Object-Oriented Programming: Data Structure and Algorithms	5	2	Semester 2	2 hour examination
Information Technology	CT248	Introduction to Modelling	5	2	Semester 2	2 hour examination
Information Technology	CT2108	Networks and Data Communications I	5	2	Semester 2	2 hour examination
Information Technology	CT336	Graphics and Image Processing	5	2	Semester 2	2 hour examination
Information Technology	CT3533	Organisational Innovation	5	2	Semester 2	Continuous Assessment
Information Technology	CT414	Distributed Systems & Co Operative Computing	5	2	Semester 2	2 hour examination
Information Technology	CT420	Real Time Systems	5	2	Semester 2	2 hour examination
Information Technology	CT436	Advanced Professional Skills	5	2	Semester 2	Continuous Assessment
Information Technology	CT437	Computer Security and Forensic Computing	5	2	Semester 2	2 hour examination
Information Technology	CT866	Computer Communications	5	2	Semester 2	2 hour examination

College of Science

Optional Modules: Semester Two

Module descriptions for these modules are available in the College of Science at: <http://www.nuigalway.ie/science/>. Please conduct your search using the module code.

KEY:

AN = Anatomy; BI = Biochemistry; BPS = Botany and Plant Science; CH = Chemistry; CS = Computer Studies; EOS = Earth and Ocean Sciences; MI = Microbiology; MP = Applied Mathematics; SI = Physiology; PAB = Plant and AgriBiosciences; PH = Physics; PM = Pharmacology; ZO = Zoology.

Code	Course	ECTS	Examination Arrangements
AN223	Embryology and Development	5	Two hour examination
AN226	Systems Histology	5	Two hour examination
BI207	Metabolism and Cell Signalling	5	Two hour examination
BI313	Cell Signalling	5	Two hour examination
BI317	Human Molecular Genetics	5	Two hour examination
BI321	Protein Biochemistry	5	Two hour examination
BPS203	Plants Diversity, Physiology and Adaptation	5	Two hour examination
BPS3105	Plant Natural Products	5	Two hour examination
CH202	Organic Chemistry	5	Two hour examination
CH205	Analytical & Environmental Chemistry	5	Two hour examination
CH307	Inorganic Chemistry	5	Two hour examination
CH313	Physical Chemistry	5	Two hour examination
CH3103	Validation in the Pharmaceutical and Medical Device Industry	5	Two hour examination
PH108	Physics	5	Two hour examination
PH140	Engineering Physics	5	Two hour examination
PH217	Light, Atomic and Nuclear Physics	5	Two hour examination
PH218	Thermodynamics	5	Two hour examination
PH223	Observational Astronomy	5	Two hour examination
PH329	Physics of the Environment II	5	Two hour examination
PH335	Nuclear and Particle Physics	5	Two hour examination
PH336	Signal Analysis	5	Two hour examination
PH337	Thermal Physics	5	Two hour examination
PH338	Properties of Materials	5	Two hour examination
PH340	Biomedical Physics	5	Two hour examination
PH362	Stellar Astrophysics	5	Two hour examination
PH424	Electromagnetism and Special Relativity	5	Two hour examination
PH425	Lasers and Spectroscopy	5	Two hour examination
PH429	Nanotechnology	5	Two hour examination
PH431	Medical Image Processing	5	Two hour examination
PH432	Project	10	Continuous Assessment

Code	Module Title	ECTS	Examination Arrangements
EOS104.II	Introduction to Earth and Ocean Sciences B	5	Two hour examination
EOS222	Ancient Earth Environments	5	Two hour examination
EOS225	Optical Microscopy of Minerals and Rocks	5	Two hour examination
EOS303	Ocean Dynamics	5	Two hour examination
EOS304	Aquatic Geochemistry	5	Two hour examination
MI203	Laboratory Skills in Microbiology II	5	Continuous Assessment
MI204	Microbes and the Environment	5	Two hour examination
MI322	Environmental Microbiology	5	Two hour examination
MI324	Immunology and Recombinant Techniques	5	Two hour examination
MI325	Microbial Infectious Diseases	5	Two hour examination
MP232	Mathematical Methods II	5	Two hour examination
MP237	Mechanics II	5	Two hour examination
MP307	Modelling II	5	Two hour examination
MP346	Mathematical Methods II	5	Two hour examination
MP357	Quantum Mechanics II	5	Two hour examination
MP403	Cosmology	5	Two hour examination
MP491	Nonlinear Systems	5	Two hour examination
PAB2101	AgriBiosciences	5	Two hour examination
PAB3103	Plant and Agricultural Genetics	5	Two hour examination
PAB3104	Systems Biology of Plant-Environment Interactions	5	Two hour examination
PAB4104	Plant and Agri-Biotechnologies	5	Two hour examination
SI208	Cardiovascular Physiology	5	Two hour examination
SI212	Respiratory Physiology	5	Two hour examination
SI328	Exercise Physiology	5	Two hour examination
SI331	Renal Physiology	5	Two hour examination
ZO318	Geographic Information Systems and Biostatistics	5	Two hour examination

* Year long module examined in Semester I and Semester 2, or in Semester 2 only, each year.

Note: Admission of Visiting Students to individual modules is subject to the agreement of the Head of Discipline and will depend upon the applicant's academic background in the relevant subject areas and the availability of places within the module.

Course Codes: As a general rule, the structure of a module's code is made up of a sequence of letters and numbers. The module code starts with two letters which denote the Discipline teaching the module (e.g., AN – Anatomy, BI – Biochemistry, CH – Chemistry etc.). The remainder of the module code is made up of three numbers. The first number in the sequence normally indicates the year the module is delivered to e.g. CH205 is a module offered to second year students. EOS303 is a module offered to third year domestic students. Module codes with the starting with the numbers 4 or 5 are normally offered to 3rd and/or 4th year students. Visiting and Erasmus students are offered courses from 1st, 2nd, 3rd and 4th year.

Attendance at science classes is required from week 1 of term to ensure that students do not miss laboratory/practical classes.

Code	Irish Studies Module	Semester	ECTS	Examination Arrangements
IR101	Irish Life and Culture	2	6	Coursework Assessment

IR101: Irish Life and Culture

The ILC programme provides an introduction to Irish life and culture through the disciplines of Irish, English, History, and Political Science and Sociology, with a particular emphasis on twentieth-century Ireland. Students will be provided with an overview of Irish history and a survey of changing patterns in Irish society as well as a critical reading of key literary texts in both English and Irish. The Irish language material will be presented and studied in translation. Classes will meet for one hour a week in each of the four disciplines and will be required to complete a 1500-2000 word essay in each area of study. The final mark awarded will be an average of the total marks achieved by the student in the four essays presented during the course of the semester.

Irish Life and Culture is available to Visiting Students from **Willamette University and Hobart & William Smith/St John Fisher Colleges** only.

University of Salzburg

Places are limited on some courses: email the course contact below for further details

Location: School of Psychology, Room 227/228, First Floor, St. Anthony's, Newcastle Road

Glossary

Term	Explanation
Colloquium	Colloquium modules are small group teaching modules. These modules have a limited number of students. Colloquia require reading, presentation, oral participation and regular attendance. Students are expected to work independently and be motivated.
Continuous assessment	Continuous Assessment are evaluations that takes place throughout the semester/academic year. Examples include mid-term essays, class tests, group assignments.
Discipline	An academic discipline is a branch of knowledge that is taught and researched at university level. Examples of academic disciplines - French, Anatomy, Mathematics, Physics etc
ECTS	ECTS is based on the convention that 60 credits measure the workload of a full-time student during one academic year. The student workload of a full-time study programme in Europe amounts in most cases to 36/40 weeks per year and in those cases one credit stands for 25 to 30 working hours. Workload refers to the notional time an average learner might expect to complete the required learning outcomes. An ECTS users guide can be downloaded at http://ec.europa.eu/education/lifelong-learning-policy/doc/ects/guide_en.pdf
Erasmus Programme	The Erasmus Programme (European Region Action Scheme for the Mobility of University Students), is a European Union student exchange programme. The Erasmus programme aims at enhancing the quality and reinforcing the European dimension of higher education as well as at increasing student and staff mobility. NUI Galway has in the region of 200 Erasmus bilateral agreements, and Erasmus links with some 130 European universities, providing opportunities for study and teaching abroad in a wide range of disciplines.
Essay	A short literary composition on a single subject, usually presenting the personal view of the author. Essay lengths are advised by the academic disciplines and may vary from 1500 - 5000 words.
Examination	An examination is an assessment intended to measure a student's knowledge of a particular academic module. Written examinations at NUI Galway are normally of 2 hours duration.
Extended Essay	Extended essays may range from 3000 - 5000 words and provide students with an opportunity to conduct independent research on a topic
Lecture	A lecture is an oral presentation intended to present information or teach people about a particular subject. Most lectures take place in lecture theatres on campus and student numbers are not restricted when enrolling.
Module	A unit of education or instruction in which a single topic or a small section of a broad topic is studied for a given period of time.
Occasional Arts	“You are an Visiting/Occasional Student if: You have been admitted to undertake a programme of study that is a sub-element of a recognised full-time programme. You may be a 'Visiting Student' who is registered in another University which will give you credit in their programme for academic work you complete in NUI Galway. As an Occasional Student however, you are not on a programme leading to a Degree, Diploma or any other award of this University. Normally only students of another University, in good standing, or graduates are admitted as Occasional /Visiting students.”
Prerequisite	In order to be eligible for admission, students must demonstrate they have a suitable academic background in a give subject area as set out by the Discipline.
Seminar	Seminar modules are small group teaching modules . These modules have a limited number of students. Seminar modules are designed to facilitate intensive study of specific subject areas. Seminars require students to participate in class discussions. There may be a separate registration procedure for seminars to ensure that class size is not exceeded.
Tutorial	An interactive class in which a tutor gives intensive instruction in a subject to a small group of students.
Visiting Student	Students currently enrolled at another university who have permission from their university to take specific courses at NUI Galway. Visiting students normally enrol at NUI Galway for a semester or one academic year.
